## A message from Coach Brian Corrado

Throughout my career, as a player and a coach, I have always believed the game of basketball is one of life's finest teachers. I've learned so much from the game, and I have tried my very best to translate those lessons of both basketball and life to my players. In my opinion, that is part of my responsibility as a coach.

The 2007 GOLDEN BEAR Basketball Day Camp Staff will blend coaching and teaching to make the week a valuable experience for all of the campers. In addition to the development of their basketball skills and athletic ability, all campers will be given the opportunity to build upon their own personal attitudes toward the game, and life. They will learn about roles and responsibilities within the context of 'TEAM'. They will share in success that comes from desire, determination, dedication and discipline.. They will learn how to win ... how to deal with losing and ...

the Campers WILL have lots of FUN !!
